Canton's former McKinley Grand Hotel, featuring 165-rooms, is an exciting upscale addition to the Hall of Fame Village's portfolio, and the first completed project for Phase II of the development. The newly-renovated hotel features the 330 Bar and Grill, that seats up to 150 people and offers private dining rooms that can accommodate 20 guests. The restaurant also offers patio seating. An updated grand ballroom, as well as five meeting rooms and a board room are also offered for lease to the community.

Hilscher-Clarke installed all electrical portions of the project. Our scope of work included the installation of all fixtures and lighting controls, wiring devices, fire alarm, distribution equipment, floor boxes, and hotel annunciator.
